

## NOTICE

Dear dog owners

We have had several incidents involving pets' accidents or pets relieving themselves in the building.

We would like to take this opportunity to remind the community of some of the rules regarding pets.

- Pets are not to relieve themselves on the balcony or anywhere in the building

When pets urinate on the balcony the liquid spills down to the units below and damage the property of your neighbors and leaves a foul smell.

- Please do not allow you pet to urinate at the front entry of the building

When walking your pet, please pick up after them. *If your pet has an accident inside of the building. It is the pet owner's responsibility to clean up after their pet* and contact the management to inform them of the accident.

- Failure to clean up or report the accident may/will lead to violation notices.

We all love our pets and take the responsibility for them is part of being a pet owner.

We thank you for taking the time to read this announcement and help to keep this community clean and enjoyable for everyone.

*Thanks,  
32 Freeland, Property Management*
